

INDEX TO VOLUME 35

NOTE

- Names of authors and discussors, also deceased members preceding an obituary notice, are in caps and small caps. A discussor is distinguished from the author of a paper by (D), placed after the name of the paper.
- Titles of papers, where placed after the name of the author, and appearing in their exact form, are in italic. Papers are indexed not under their title but under their subject matter.
- The Society is not responsible as a body for the statement of facts or opinions in the papers and discussions.
